

# EASTER SUNDAY

## YOU'RE INVITED

### Easter Changes Everything:

Easter is not just a celebration of spring, it is more than an excuse to search for eggs and eat candy, more than a remembrance of an historical event, even more than a religious celebration - Easter Changes Everything. Because of Easter our past doesn't have to determine our future, our identity is not rooted in our successes or our failures, our eyes are opened to an upside down way of life that is full and meaningful, we are able to love in a way that is beyond us and we are connected to a power that drives out fear because it is bigger than any circumstance we are facing or will ever face!

Join us this Easter as we start our new teaching series and let's discover together how Easter Changes Everything!

Westwoods Community Church

**Sunday 4/21**

**9am & 10:45am**

7700 W Woodard Drive,  
Lakewood Co
